Friday, September 18, 2020

Dear Immaculate Conception Parish School Families:

I would like to thank you for all your support and prayers. I am also very appreciative to you for creating a very supportive environment for your children and the faculty. May God bless you a hundredfold!

The following is a list of updates and reminders for you and your children.

- I shall begin with the sad news. The Archdiocese of Boston has suspended the Basketball program for all schools this year.
- Mrs. Leone is working diligently to develop activities for the children. The good news is we will begin the Physical Education classes this coming week.
- Our school administration has been working with the school's Technical Consultant, DBC Solutions, COMCAST and Lan-Tel Communications to improve the internet service and the internal school wireless network. This will improve the capacity and service for students and faculty.
- It is extremely important for you to submit the Daily Health Form by 7:30 am so the School Nurses can make sure your child may attend school.
- Teachers have already been scheduling their Back to School Nights. If you unable to attend, please email your child's teacher.
- The School Administration Back to School Night will be Wednesday, September 23rd at 6 pm via Zoom. Mrs. Tracy will email you the invitation.
- If your email address has changed or you have not signed up for REMIND, please contact Ms. Urrego, the School Secretary.
- During arrival and dismissal, please make sure to practice social distancing. When picking up your child from the School Yard, you must walk up to the gate or fence to pick up your child. Please do not park your car near the intersection of Winthrop Avenue and Beach Street.

"Tradition, Pride, Excellence"

Founded 1913

- When you email a teacher with questions or concerns, please wait 24 hours for any response. In addition, please make sure to allow teachers to respond more than 48 hours if you send a message on the weekend.
- Please visit the school's web-site **icreve.org** to be informed of what is happening at your child's school.
- We have also launched our City Connects Coordinator position. Ms. Shannon Underwood, the City Connects School Counselor, has sent you a questionnaire to complete for your child. This is a very valuable program for our IC students.
- I would like to let you know that the faculty and staff are working doubly hard to provide the best education for your child. Today they attended a workshop to fine tune their skills in teaching with technology.

Our Lord Jesus Christ is the reason for this school. Let's us seek the Lord to encourage and support us as we continue to navigate these uncharted waters.

Yours in Christ,

Stephen P. Hanley
