October 1, 2020

Dear Parents of Immaculate Conception Parish School:

Yesterday, your child received the milk program form along with a 2020-2021 Massachusetts Special Milk Program Application.

- Although you may not choose to purchase milk or apply for the free milk, please fill out the Massachusetts Special Milk Program Application (MSPPA).
- When the school receives completed MSPPA forms from every family, Immaculate Conception School is able to obtain more resources for the school.

Again, I would like to thank you for your patience with the internet. After the wind storm yesterday morning, it was quite difficult. We scheduled COMCAST to come to the school late yesterday afternoon to test the line and install a better modem. We have scheduled LAN-TEL to continue to make internal improvements at the school.

It has come to my attention; the IC website has not been accommodating to those who use SAFARI, please email, the School Secretary, Ms. Urrego if you having trouble with the IC website. If you have already emailed her or me, you do not need to email us.

On Thursday, October 8th, we will have picture day. These are individual photos that can be taken in uniform or in dress up clothes. Students who are learning virtually will be scheduled to take the photo after 3:00 p.m. Please sign up for picture day with Ms. Urrego. She will keep a scheduled log to maintain the limited attendance in Father Brennan Hall.

Mrs. Tracy, the Academic Coordinator, will conduct VIRTUS Training. The workshop is actually called Protecting God's Children. If you have not attended this workshop in the past, you may register by emailing Ms. Urrego jurrego@icrevere.org. This is a required workshop for anyone who is employed or volunteers to work with children in the Archdiocese of Boston.

It is extremely important for you to remind your child, particularly those in Middle School, to socially distance before entering school in the morning. Remember not to park your car near the intersection or where the orange cones are placed. Let us all work together in improving the quality of life for all.

Yours in Christ,

Stephen P. Hanley
